

REMARKS

The foregoing amendment is submitted in order to enter the sequence listing into the Application. Applicants also note that paragraph [0010] of this application was further amended to correct the misspelling of "Gin" to "Gln." The originally filed English-language specification did not contain this error as the error occurred when this application was published by the U.S. Patent and Trademark Office.

Applicants request favorable consideration and entry of the Amendment and Sequence Listing submitted herewith and favorable processing of the present Application. No prohibited new matter is introduced by these amendments.

EXCEPT for issue fees payable under 37 C.F.R. § 1.18, the Commissioner is hereby authorized by this paper to charge any additional fees during the entire pendency of this application including fees due under 37 C.F.R. §§ 1.16 and 1.17 which may be required, including any required extension of time fees, or credit any overpayment to Deposit Account 13-3250. This paragraph is intended to be an **CONSTRUCTIVE PETITION FOR EXTENSION OF TIME** in accordance with C.F.R. § 1.136(a)(3).

Respectfully submitted,
